

**International Diesel Retrofit Advisory  
Committee  
October 17, 2003**

**Sheraton Pasadena Hotel  
303 East Cordova Street  
Pasadena, CA 91101**

**AGENDA**

8:30 – 9:00 COFFEE

9:00 – 9:15 WELCOME AND INTRODUCTIONS

9:15 – 10:30 SUMMARY OF ACTIVITY

*ARB staff will give a summary of what activity has occurred since the last IDRAC meeting within the State of California. International committee members are asked to share what activity has occurred in their respective countries. Please contact ARB staff with your intent to present.*

10:30 – 10:45 BREAK

10:45 – 12:15 NO2 IMPACTS WITH RETROFITS – NEW  
ASSESSMENTS

*ARB will present new assessments of the NO2 impacts expected with the use of passive DPFs. The modeling has been updated with new penetration estimates based on what ARB has learned in developing the retrofit program. International committee members are asked to present their perspective on NO2 and how they have dealt with the NO2 issue in their programs.*

12:15 – 1:30 LUNCH

1:30 – 3:00

RETROFIT WARRANTIES

*ARB will outline their required warranty for retrofits. The California Trucking Association will be asked to outline specific requests on warranty. Representatives from the retrofit and engine manufacturers will be asked to give their perspective on warranty requirements. International committee members are asked to comment on their warranty requirements and how warranty issues are being handled in their countries.*

3:00 – 3:15

BREAK

3:15 – 4:00

WARRANTY DISCUSSION

4:00 – 5:00

PARTICLE NUMBER COUNT IN EUROPE AND CALIFORNIA PERSPECTIVE

*International committee members are asked to comment on Europe's recent adoption of a number count standard for PM. ARB will open discussion for how California should deal with PM number count as a measurement standard*

5:00
